

COMPANY PROFILE

CLICKASURE® is a South African/Zambian based electronic and software systems development, and electronic systems manufacturing company, specializing in Access Control, CCTV and digital surveillance solutions, for its local and international market. The company has been developing solutions for the industry for more than 15 years, and has significant blue-chip customers across the region.

Mission Statement

Safeguarding your assets through certified security.....

We have intentionally subscribed to all security angles, at Clickasure we attend to both your biometric access controls, POS Terminal Units, CCTV, alarm control units and on some projects hard framed units such as safes and Locks.

Our Product and Service Line

Access Control & CCTV Product Series

Our CCTV Systems are reviewed on both the DVR & NVR tag mode. Given the nature of our product and service line we offer industry proven solutions to our clientele. In this regard we have always followed the ethos of effective and productive client follow-up routines within and after the installation process. Our Access control and Alarm systems equally align to this call. Amongst the products we are offering, below are the parameters.

PRODUCT SERIES			STAR PRODUCTS
EasyIP 3.0 Series Easy & Powerful Security for the Small-Medium Business <ul style="list-style-type: none"> - Up to 4K ultra-HD, advanced H.265+ encoding - DarkFighter ultra-low illumination technology - Efficient VCA functions - Easy to install, setup, and manage - Budget-friendly and powerful 	Turbo HD 3.0 Series Supercharging Analog Systems to Hi-Def <ul style="list-style-type: none"> - 5 MP Camera & up to 1080p output over coax - Advanced H.265+ encoding - IR, privacy masking, Smart features and more - Wide range of in- & outdoor camera types 	VMS (Blazer) Series Powerful One-Piece Server & VMS Station <ul style="list-style-type: none"> - A server, data storage, VMS station, and NVR in one device - Advanced hardware and software design for high availability - Bright, friendly and powerful - Manages multiple sites and NVRs from one location 	PanoVu Cameras Huge Panoramas, Incredible Zoom <ul style="list-style-type: none"> - 8 & 16 MP Multi-Sensors with DarkFighter technology - 180° & 360° Panoramas, with in-camera image stitching - 23x Optical zoom; 16x digital zoom - Smart tracking, Smart detection, & more
			
			
Thermal Cameras Series Bringing the Invisible to Light <ul style="list-style-type: none"> - Advanced thermal sensors - Unaffected by changes in weather, light conditions - Single- & dual-lens and handheld cameras - Wide range of Smart features 	Access Control + Intrusion Series A Steady Guard at the Gate <ul style="list-style-type: none"> - Video intercom system - Fully integrated security solution - Alarm triggering and remote access - Wide range of options for any application 	Network Video Recorder Series Stable Video Data Storage & Management Station <ul style="list-style-type: none"> - Super PoE up to 300 meters - Patent industry designs to build a stable station - Powerful decoding and storage capacity - Low power consumption and light noise 	Super series NVR Easily build a stable local surveillance center <ul style="list-style-type: none"> - Up to 768Mbps bit rate input. Max/Up to 128/256 camera input - Up to 182T storage capacity(8T x 24HDD), support hot swapping - Redundant power supply - Support RAID 0/1/5/6/10 - 20-ch 1080p decoding capacity - Output resolution at up to 4K
			

ACCESS CONTROL INTRUSION ALARM & VIDEO INTERCOM

DS-K1104MK1

Vandal Proof Card Reader

- Support Mifare 1 card
- With keypad (DS-K1104MK1)
- Supports RS485 and Wiegand (WOS) N2M protocol, Tamper-proof
- Applied for RS 6 120 Gang Box
- Vandal Proof

DS-11800-F

Fingerprint Card Reader

- 500 dpi high-definition
- Support the function of Plug and play
- Optical fingerprint sensor designed with scratch-resistant material
- USB 2.0 communication standard for data transmission

K-S50

Mifare 1 Non-contact IC Card

- Working frequency: 13.56MHz
- Anti-collision
- Long time data storage for 10 years
- Triple access control (DS-11800-F88-3)

DS-11800

Electric Bolt

- Support Thrust of 800kg
- Polished and Brushed Stainless Steel
- Working Current: 500mA (Startup Current) 1.00mA (Standby)
- DC12V

DS-K4-E250S

Magnetic Lock

- Single-door Control
- Supports static linear thrust of 300g
- Working Current: 0.032A (500mA) / 24VAC (250mA)

DS-K4-E250C

Magnetic Lock

- Double-door Control
- Supports static linear thrust of 3x300g
- Working Current: 12V/500mA x 2 24V/250mA x 2

DS-6A100-11/2

Accessories of Electric Bolt

- Aluminum alloy material
- Suitable for fully frameless glass door
- The door opens both sides at the angle of 180°

DS-K4-E250-L2/U

Accessories of Magnetic Lock

- Adopts solid material with the surface vanishing
- The shell is hard anodizing electrolytic operated

DS-K7P01/02

Exit Button

- Aluminum alloy panel with sunburst metal button
- Already passed 500 thousand times aging test
- NO/NC/COM Contact
- 3A@5VDC Max

DS-K7P01/04

Exit Button

- Infrared Sensor
- Panel aluminum panel
- Already passed 1 million times aging test
- NO/NC/COM Contact
- 1A@24VDC, 1.5A@125VAC

DS-K7P01/06

Exit Button

- Infrared Sensor
- Brushed stainless steel panel metal button
- Already passed 500 thousand times aging test
- NO/NC/COM Contact
- 3A@5VDC Max

DS-K7PEE

Emergency Break Glass

- Suitable for exit door and emergency door
- Fireproof material, sandblast finished
- NO/NC/COM Contact
- 3A@16VDC Max

INTRUSION ALARM

DS-1800F-FX(K)(S)

8 Zone Wireless Security Control Panel

- PSYN 10/100Mbps Ethernet
- LED screen (DS-1800F-FX(K)(S))
- LED screen (DS-1800F-FX(K)(S))
- 1 relay output
- 14.3VDC

DS-1800F-BF(K)(S)

8 Zone Wireless Security Control Panel

- 4-ch 800m analog video input
- PTZ Control
- LED screen (DS-1800F-BF(K)(S))
- LED screen (DS-1800F-BF(K)(S))
- 1 relay output, 14.3VDC

DS-1800B-BF(K)(S)

8 Zone Video Security Control Panel

- Support 4-ch IPC video input, Max 25 Mbps
- PTZ Control
- LED screen (DS-1800B-BF(K)(S))
- LED screen (DS-1800B-BF(K)(S))
- 1 relay output, 14.3VDC

DS-1800C-BN

8/16 Zone Video Control Panel

- PSYN 10/100Mbps Ethernet
- 4 relay output, 120VAC

ACCESS CONTROL INTRUSION ALARM & VIDEO INTERCOM

HIKVISION

DS-1800-04G(S)

8/16 Zone Video Security Control Panel

- 4-ch 800m analog video input
- PTZ Control
- 1-ch VGA output, 1-ch HDMI output
- 1 SATA interface
- 1 relay output, 14.3VDC

DS-1800M-04G(S)

8/16 Zone Video Security Control Panel

- Support 4-ch IPC video input, support dual-stream
- PTZ Control
- 1-ch VGA output, 1-ch HDMI output
- 1 SATA interface
- 1 relay output, 14.3VDC

DS-1212FZ

Dual-Technology Detector

- CO/NO WISEM with metric
- Tamper-proof bracket
- Sealing optical system
- The R and microwave working distance is 15m X 15m

DS-11070R

Shock Detector

- The one-aluminum alloy enclosure is anti-static and anti-interference
- The sensitivity is adjustable
- Ceramic sensor, with high temperature humidity adaptation and corrosion resistance
- Function of low battery and tampering alarm

VIDEO INTERCOM

DS-1800D-BN1

LED Alarm Keypad

- Supports remote control via wireless network (the keypad with model of RF)
- Prompts alarm with the indicators and audio alert
- Operates on the security control panel through programming
- LED display, RS485 interface

DS-1800D-BL

LED Alarm Keypad

- Supports remote control via wireless network (the keypad with model of RF)
- Prompts alarm with the indicators and audio alert
- Operates on the security control panel through programming
- LCD display, RS485 interface

DS-1100D-R0

Trigger Extension Module

- RS-485 trigger extension module
- 8 DIP address
- 4/8-ch trigger output

DS-K1803-WP

Doorbell

- Video intercom function, supporting communication with the mobile App directly
- P 5A standard
- 1080P camera 3.6MP field of view
- Supports connecting to the mechanical doorbell

DS-1801L-1M

Vandal-proof villa door station

- Hi-Video surveillance with 1080P wide angle and high-performance CMOS, up to 70FPS @ 30fps
- Support Wi-Fi remote access and P2P display
- Support OAP and OMF
- 8K 3 and P 6G
- Access control function
- Motion detection

DS-1800B-P

Doorbell

- Suitable for indoor station and villa door station
- 1x 10/100Mbps port (8-ch network cable power and 2-ch access LAN interface)
- Support 24V DC power supply

DS-K1800-N

Doorbell

- Built-in 24VDC voltage-stabilized switching mode power supply
- 8 interfaces of RJ-45, including six adaptive 10/100Mbps LAN interfaces

DS-K1801L-1M

Door Station

- Protocol Camera with 120° FOV @ 25 FPS
- Video Intercom Communication
- Support Two Door Stations Cascading in Intercom System
- Unlocking controlling
- Self-adaptive R Supplement

DS-180220

Indoor Station

- 7-inch LCD Screen
- Video Intercom Communication
- Support Two Indoor Stations Cascading in Intercom System
- Remote Unlocking
- Monitoring Door Station and External Analog Camera

DS-K1802-V

Plastic Door Station

- 1.5-inch Colorful TFT-LCD display resolution: 480 x 320
- Camera resolution: H2720P, 25fps@V30(H264)
- 10W/100W/100W Self-adaptive Ethernet
- 4-ch alarm input, 4-ch alarm output
- R detection
- Visible Light Supplement

DS-K18000-VN

Metal Door Station

- 1.5-inch Colorful TFT-LCD display resolution: 480 x 320
- Camera resolution: H2720P, 25fps@V30(H264)
- 10W/100W/100W Self-adaptive Ethernet
- 4-ch alarm input, 4-ch alarm output
- Visible Light Supplement

DS-K18012/402-M

Metal Villa Door Station

- Camera resolution: H2720P, 25fps@V30(H264)
- 10W/100W Self-adaptive Ethernet
- 4-ch alarm input, 1-ch alarm output
- P 6G and R Supplement
- 1/2/4-ch indoor station access

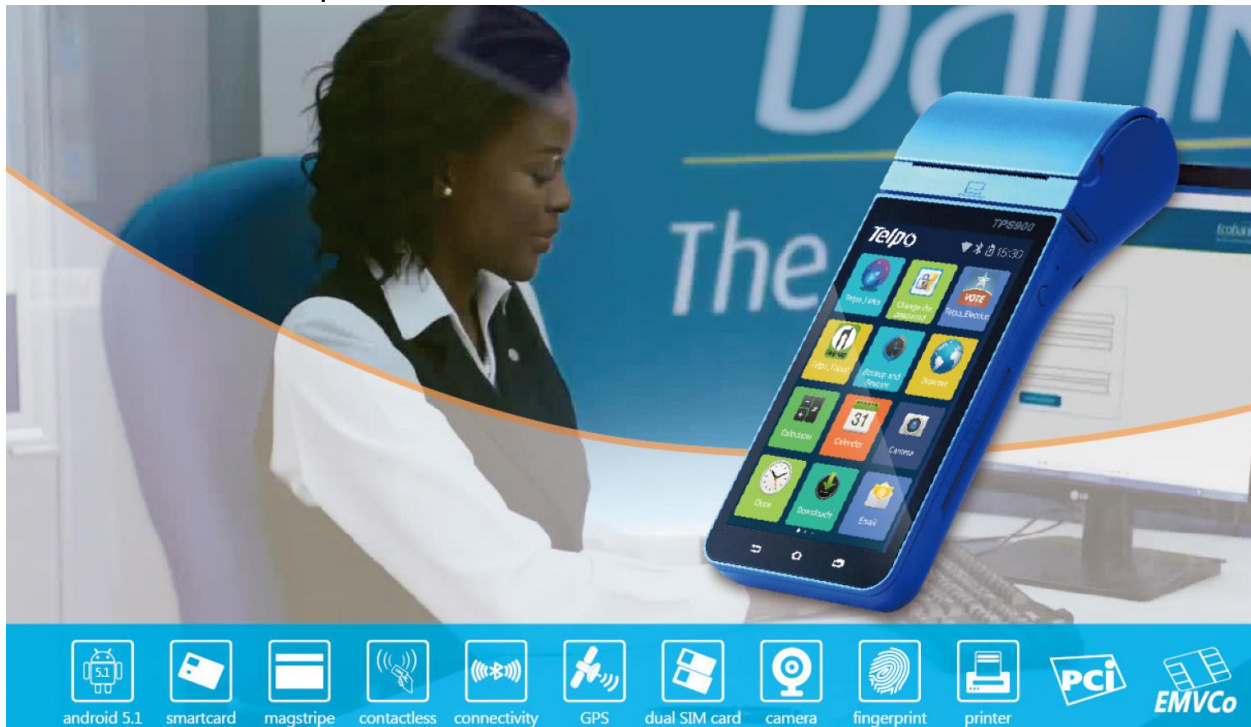

POS Standard and Biometrics- Product Series

The critical notables under this product line are the certification provisions from the product manufacturer which must be in line with the PCI Standards and overall must subscribe to the Card and EVD Modules. Amongst our product codes the TPS900^ Proves to be the highest graded units followed by the Aratek Modules. We offer project designed modules based on client specifications.

TELPO-TPS 900

This Unit has proven to be a reliable technical partner for financial inclusion in Africa. Currently it ranks amongst the top 5 in terms of reliability and technical agility. Countries where its success has been louded amongst others are india, Kenya, Burundi, and Mozambique just to mention but a few. The unit comes with all the certifoication parameters.

KEY FEATURES

- A7, Quad-core 1.8GHz processor/A7, Quad-core 2.5GHz processor- Grade Marshmellow 2

- 2GB RAM, 16GB FLASH, Ext. TF(micro SD) card memory 4GB RAM, 16GB FLASHOS
 - Android 6.1 1280*720KeypadSoftkeys
 - Paper width: 58mm .Thermal graphic printer
- Track 1/2/3, bi-directional swipe Ø35mm -Magnetic card reader
- ISO 7816Contactless card reader,ISO7810, ISO7811, ISO7812 Smart card reader
- ISO14443 Type A/B, ISO18092 Fingerprint scanner o ANSI/INCITS 378, ISO/IEC 19794-2, ISO/IEC 19794-4
 - FBI, STQC certificateIriso STQC certificate
- 5M Pixel, auto focus (Barcode software decoding) camera
- ISO7816, 1 or 2SIM Slots● 2 SIMs o 1 SIMCommunications, SAM slots
 - FDD-LTE/TDD-LTE/WCDMA/GPRS/WiFi/BluetoothGPS
 - Digital audio speaker
- Power SupplyInput:100-240VAC;output:5VDC, 2ABattery
- 7.4V/2200mAh o 7.4V/4400mAh, Lithium Polymer rechargeable battery
 - Weight450gDimensions(mm)205(L)×82(W)×55(H)
- Certification -CE, EMV L1&L2, EMV Contactless L1, PCI, RoHS, IP54MDM (Mobile Device Management)o
- Standard o OptionalReserve the right to change the parameters without prior notice.

Portable. Powerful. Versatile. The ARATEK MARSHALL is an all-in-one device for easy identification and authentication anywhere. It is designed for demanding conditions that require portability and accuracy. Using advanced fingerprint capture technology and the patented BIONE biometric engine, the ARATEK MARSHALL is the intelligent choice for identification and authentication applications for voter registration and authentication, census, border control, financial inclusion, welfare distribution, SIM card activation, and mobile Time and Attendance management. The ARATEK MARSHALL Fingerprint Scanner carries the FBI PIV Mobile ID FAP 20, 30, AND 45 Certification, a guarantee of high quality captures, fast and reliable matches, usability, and interoperability every time you need it.

Fingerprint Authentication

FBI certified scanner FAP 20, 30, 45

High-speed Printer

2-inches thermal high-speed printer

Cynovo PR6

Dubbed the friend to supermarkets- the PR6 is slowly penetrating the market. Currently it is fairing well on the European market with a few certification issues on the African market. The unit prides for all the reviews but has one setback – the exclusion of a fingerprint reader.

Clickasure has been delivering Point-Of-Sale (POS) solutions and proposals on biometric access and review. Currently most of our POS application reviews and submissions are used to register sales and handle bank transactions. The application must perform in real-time to meet the demands of both cashiers (in need of a responsive system) and customers (demanding fast and accurate service). Over the years we have realized that Touch screens are becoming more common in POS solutions and Clickasure is pioneering in the development and appreciation of the touch screen interface for their POS application. With knowledge of touch screen interaction, unnecessary design mistakes can be avoided. This will help making our products and services more competitive on the market.

Safes and Locks

We offer the following:-

BURGLARY SAFES , VAULTS AND STRONG ROOMS

Sales of Safes, Vaults, Strong Rooms and Respective Doors to client's specifications
Reconditioning
Open, Installation, Service and Maintenance

TIME DELAY LOCKS (Industrial, office and cash centres)

Sales and Support
Installation, Service and Maintenance

FILING AND STORAGE SYSTEMS

Sales and Support
Service and Maintenance
Fire Proof/ Spillage Proof Cabinets
Mobile Cabinets

ACCESS CONTROL SYSTEMS

Access Control Booths, Pay Windows, Anti- Bandit Doors
Sales and Support
Unlock/Open ATM Locks, Service and Maintenance of
ATM Locks

OFF-SITE ATM CUBICLES

Sales and Support
Service and Maintenance

BULLET RESISTANT DOORS/GLASS

Sales and Support
Installation, Service and Maintenance

Summary

As a determined player in the market, Clickasure has got potential to compete with the industry giants upon more acquisition of prospective market. We therefore take this opportunity to thank you for considering us and we look forward to a great partnership we shall have. We thank you for your valued support.
